

# Here Ye Here Ye!!

The After School Program is well under way! From 2:00pm to 3:45pm we have kindergarteners. They are doing reading readiness, beginning sounds, arts and crafts, and storytelling.

This semester, the 1<sup>st</sup> – 8<sup>th</sup> graders are studying all about volcanoes and earthquakes. There will be model making, drawings, and computer graphics. Swimming will end at the beginning of October, then we will be doing gymnastics and some fitness classes.

Our schedule is as follows:

Monday: volcanoes and earthquakes

Tuesday: volcanoes and earthquakes

Wednesday: computer lab and swimming

Thursday: art club and swimming

At the end of the term we will be having student tours of erupting Hawaiian volcanoes, with food and Hawaiian dancing.

**It's a fun time for all! Come and join the fun.**
